Chief, Mediterranean Bureau  
Foreign Broadcast Information Service  
P. O. Box #1  
Kyrenia, Cyprus

Dear Roger:

[Redacted] writes that [Redacted] has not been encouraging about procurement of Persian linguists in Teheran. There is apparently practically no hope of finding them in England.

25X1

If your direct correspondence with [Redacted] is no more successful, it appears that it will be necessary for your own staff to do whatever further recruiting is required to assure Mediterranean Bureau coverage in this language.

25X1

Sincerely,

L. K. WHITE
